

React.js - Internship (3 months) at exciting digital health startup

[Apply Now](#)

Company: HealthOS

Location: Dhanmondi

Category: Other-General

HealthOS provides an integrated marketplace technology platform that seamlessly integrates one-click e-commerce, distribution and logistics at scale for modern pharmaceutical companies and pharmacies. We are looking for several React.js Interns (for a 3-month period initially) to join the team and help us build functional systems that improve product and customer experience.

We are hiring for our offices in Dhaka, Bangladesh at this time. For high performers, the internship can be extended or even converted into a full-time position after the initial 3 month period. Our team is global since day one and we are looking for more talented people to join our journey.

Requirements

Technical skills Have interest in modern JavaScript (ES6+), CSS and HTML You have experimented with REST APIs and libraries like Axios Have basic training in modern frontend technologies, preferably ReactJS, NodeJS Find the user experience important and appreciate the small details Are interested in functional programming with JavaScript Interested to work in a modern React tech stack including TypeScript, NextJS and hooks You enjoy writing readable code that other people understand and can improve upon Versioning with Git (GitHub) Big plus if (NOT mandatory) You have worked with Django & Python You have worked with PostgreSQL You have worked with Elasticsearch You have worked with GraphQL You have worked with Firebase

Social skills You are team player and you enjoy collaboration You are eager to learn and share Your passion for software development

You value Your and other peoples time You are curious as a person and are open to new ideas You know how to use Github, Slack, Discord and Google Docs or are a quick learning with any tools Good English, both verbal and written Please provide (if applicable): Github profile StackOverflow profile Twitter profile LinkedIn profile Benefits What we offer Fullstack agile team which owns and maintains their own product Your expertise and contribution will be appreciated from day one Plenty of opportunities to grow as an engineer Competitive salary and compensation Location: Dhaka, Bangladesh or Remote Bonus: Two festival bonuses (each half of your one month gross salary) HealthOS as a workplace At HealthOS we value freedom and responsibility. We expect our colleagues to have high expectations of themselves and be disciplined. Discover how You can make a difference in the lives of others together with Your colleagues at HealthOS.
